

MONTGOMERY FIRE STATION NO. 10

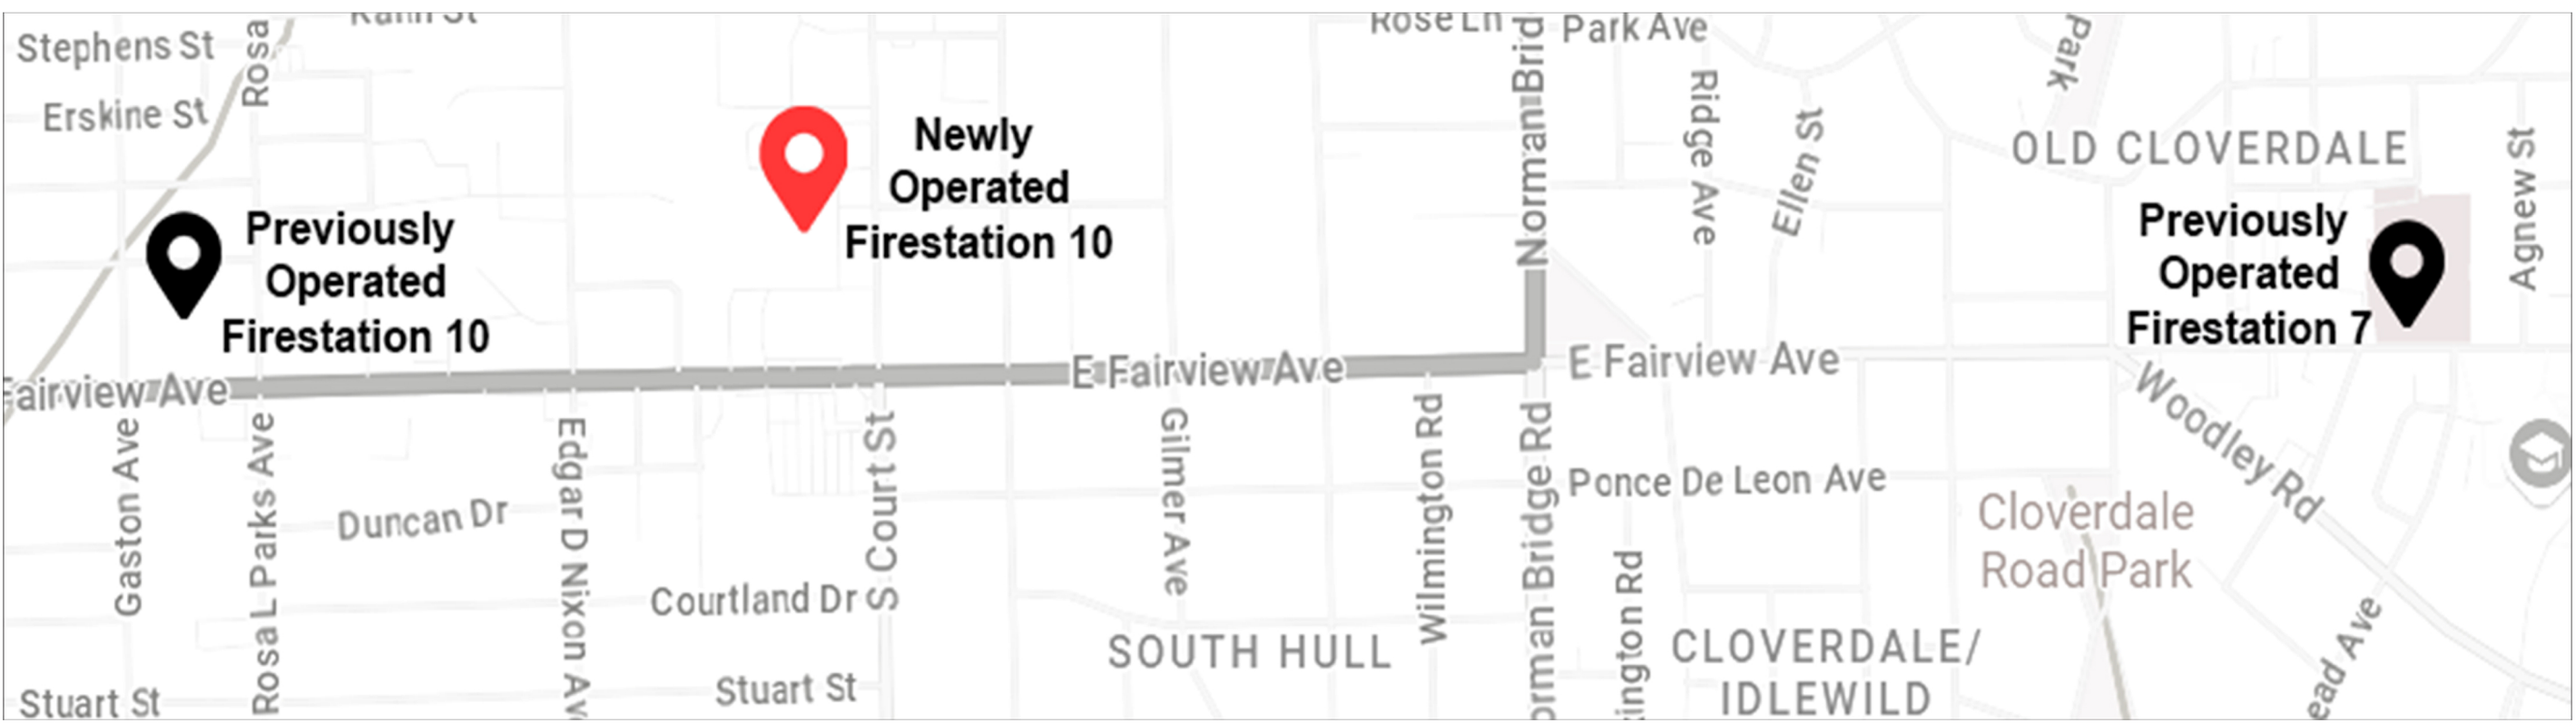

CITY OF MONTGOMERY, ALABAMA

CONCEPTUAL RENDERING

BRIDGING THE GAP

FIRE STATION 10 IS AN ANCHOR FOR WEST MONTGOMERY, PROVIDING STATE OF THE ART CARE AND REVITALIZATION. PREVIOUSLY OPERATING FIRE STATION 10 AND FIRE STATION 7 WERE COMBINED TO PROVIDE EVEN GREATER IMPACT.

WHY WEST MONTGOMERY IS THE PERFECT LOCATION FOR FIRE STATION 10?

Supports Equity and Infrastructure Reinvestment

Revitalized a Historic and Economically Distressed Area

Improves Emergency Response in the Underserved Area of West Montgomery

COMMUNITY GATHERING SPACE

SAFE HAVEN BABY BOX

COMMAND CENTER FOR INTEGRATED EMS SERVICES

CONCEPT STATEMENT

Fire Station 10 stands as a bold symbol of Montgomery's commitment to public safety, community revitalization, and progressive emergency response. As the largest fire station in the city, this 21,000-square-foot facility is more than a building - it is a center for service, resilience, and trust. Designed to enhance emergency response capabilities and support the well-being of Montgomery Fire and Rescue personnel, the station provides state-of-the-art training environments, advanced life support equipment, and integrated fire and EMS services through its dual pumper trucks and dedicated rescue units.

Strategically located on South Court Street, the station anchors a broader vision for growth and revitalization in the West Montgomery area. This facility not only strengthens infrastructure but also reflects the city's dedication to community investment and care, exemplified by the inclusion of a Safe Haven Baby Box and its alignment with the Montgomery Forward initiative. Fire Station 10 is a beacon of readiness, safety, and hope—reinforcing the essential trust between first responders and the community they serve.
